		Page 17
1	trying to tell us how to govern this system.	
2	Q Where did you hear that?	
3	A I would hear it by the orievance office	ar .

the grievance committee. The grievance officer 5 would tell me, you are not giving us a chance. As a

6 matter of fact, the guy at the Grievance Office

wouldn't even hear my complaint.

Did you file a formal grievance? A I did everything I could without

10 receiving anything adverse effect to me because of

being incarcerated. 12 Did you file on a piece of paper with the

14 Α Yes.

Grievance Office?

13

15 0 Did you have a hearing?

A 16

17 0 What was the result of the hearing?

18 Denied. Α

19 Q What did you ask for?

20 I asked to see a specialist, and I asked

21 to have medical treatment.

22 And you did see a specialist, is that Q

23 correct?

1

24 A Yes. I did see Harry Freedman.

25 How many times did you see Dr. Freedman? 1 of fact, she decreased my medication and took me off medication.

Page 19

Page 20

Did she give you a knee brace? 0

4 Α As I remember, it was like an Ace band wrap, an Ace band.

6 Q Did she give you a brace for your knee, 7 though, yes or no?

Eventually she did, yes.

9 Did she give you crutches for your knee?

No. She didn't give me any crutches.

11 Isn't it true that you were given a

12 prescription for crutches and you refused them?

No. That's not true. 13

14 Okay. How about I show you your medical 15 records where you refused crutches. Did anyone ever

16 tell you to do stretches for your knees?

Α

18 Q No? Did you ever do stretches for your

19 knees?

8

10

17

20 Basically, walking at one point during my most intense pain was difficult. And at that time,

security told me that because the medical department

23 haven't put anything in writing to have any special

24 needs like exercising and crutches and knee braces,

25 because the medical staff hadn't listed anything,

Page 18

Α I have a recollection at least one time.

2 At least one? Q

3 Α Yes.

4 Looks as though you may have seen him at

5 least three times?

A I doubt if it was three, but I know I 6 7 seen him at least once.

8 Q And what did Dr. Freedman do for you?

9 He said he'd like to operate on my knees 10 and get the fluid off the knees. He said that was

11 middle age arthritis, and he said that the bones

12 looked a little wore out, you know what I mean? He

13 showed me the x-rays and he said he acknowledged

14 that I may have a certain amount of pain, but to

15 alleviate the problem, you know, it would probably 16 need surgery.

17 O

Who sent you to Dr. Freedman?

18 Α Dr. Burns.

19 Q Dr. Burns sent you to a specialist?

20 Α

21 0 For your knees?

22 Α Yes.

23 Q Did Dr. Burns do anything else for your

24 knees?

No. She didn't do anything. As a matter 25

1 security doesn't have to abide by my conditions.

Security overrule any complications that I may have,

you know. And in terms of if I'm in pain say today,

you know what I mean, if my knees are swollen,

security would blatantly tell me that I would have

to walk to chow or I would have to wait.

And even if I see medical, there is 8 nothing signed by a doctor indicating that I would

9 have to have crutches or braces; they would either

10 take them away or deny me to have these things. And

11 a lot of times, that's what would happen in these

12 cases because --

13 Is it not true that you threw your knee 14 brace in the trash when you were in the infirmary?

Α No.

16 O No?

15

17 No. Anything such as that matter I would

18 be referred to the psychologist because by me being

incarcerated and showing those type of reactions 20 would deem a psychological problem, so there is

21 nothing to excuse any actions of that nature.

22 So, you did not throw your knee brace

23 in the trash?

24 No. That behavior would not be Α

25 tolerated.
